

COLLECTION ROYALE

**MAISONLIAN**

**Արա՛մ**

# THE PEAKS OF INSPIRATION

---

## **Echoes of the Highlands**

The "Արաճ" collection is rooted in the majestic presence of the Armenian Highlands. It seeks to translate the silence of snow-capped peaks into an olfactory experience of verticality and purity.

Designed for the "Extrait de Parfum" concentration, the fragrance mirrors the density and depth of ancient granite, softened by the rarified air of high altitudes.

# OLFACTORY LANDSCAPE

---

## The Zenith

**Top Notes:** Bergamot, Pink Pepper, Mineral Accord.

A sharp, cold introduction that mimics a morning breeze at 4,000 meters.

## The Heart

**Heart Notes:** Armenian Iris, Wild Lavender, Crushed Stone.

A powdered, floral core that evokes the resilience of alpine flora.

## The Foundation

**Base Notes:** Cedarwood, Vetiver, Ancient Amber.

The heavy, grounding resonance of earth and wood that provides 12+ hours of sillage.

# ARTISANAL SOUL

MaisonLian operates on the principle of "Slow Perfumery." Every drop of our essence is extracted through traditional methods and matured for 12 weeks to ensure molecular stability.

Our distillation process is a dialogue between chemistry and heritage, where modern precision meets the soul of raw ingredients.

# PACKAGING ARCHITECTURE

---

## Monolithic Design

The glass flacon is designed as a heavy, square monolith. The contrast between the transparent glass and the matte black labeling reflects the dual nature of Ὀὐρανός: clarity and mystery.

The back label is a masterclass in technical transparency, presenting regulatory data with a boutique aesthetic.

**3-4**  
BATCH DESIGNATION

## **Limited Release Strategy**

MaisonLian rejects mass production. The "Արամ" collection is released in four distinct micro-batches annually. Batch 3-4 represents the third harvest of the year, characterized by a higher concentration of cold-pressed Bergamot.

Only 250 units exist per batch, each hand-labeled and numbered at our atelier.

# REGULATORY EXCELLENCE

---

## Safety First

Flammability warnings and usage instructions (External Use Only) are integrated into the typography without compromising design.

## Sustainability

Recyclable glass flacon and FSC-certified textured paper packaging. Zero-plastic footprint in outer box.

## PAO Standard

Period After Opening (PAO) of 36 Months, ensuring the long-term molecular integrity of the Extrait concentration.

# THE PERFUMER'S VIEW

"Our goal with **Urwū** was to capture a moment of absolute stillness. We don't sell perfume; we sell a return to the roots of the world."

This vision is realized daily in our laboratory, where every scent is evaluated for its emotional frequency before release.
